

# Schedule startingdates 2024 BKO/UTQ

## Important:

- It is only possible to follow the BKO/UTQ if the participant also teaches during the trajectory. This is because we need to plan a lesson observation during the trajectory.
- In total the trajectory will take about 70 hours of your time (this includes preparation, course and homework)

## Procedure:

1. Select a Group (preferably also an alternative)
2. Fill the group number on the application form
3. Choose which MicroLab WITHIN your group (Supervise or Feedback) you want to follow
4. Fill this also on the application form.

<b>UTQ 1 – Wednesday morning – Start January</b>		
Kick-off	24 January	9.30-12.30
